Study trip 2010

Study Trip 2010 Just like previous years BOSS will organize a fantastic Study Trip for students from the faculty of Architecture. Together with 24 other students, you can explore the international world of Real Estate. The trip will take place in the month of July this summer.

It is a tradition that BOSS will keep the destination to herself. Just to keep it interesting. The 10th of February BOSS will reveal the destination of the Study Trip 2010 and you are invited!

So? if you're interested in an international experience and free this July? come the 10th of February to the presentation and find out where BOSS is taking you!

For questions just send an e-mail to
Committee Study Trip
